About Me:

As a highly motivated and skilled individual, I bring a strong background in full-stack development and proficiency in multiple languages to deliver high-quality software solutions. I am fluent in Node.js, JAVA, JAVASCRIPT, C++, C#, C, TYPESCRIPT, SQL, and HTML. Additionally, I am a second-year computer science student at the Open University of Israel.

Education:

2022 - Present B.Sc. Computer Science - Open University of Israel

Notable Project in University: One of my significant achievements during my education was the development of an assembly compiler using C with C90 Compiler via Linux OS.

Work Experience:

06/2023 - 12/2023 Circles | Rishon LeTsiyon

FULL-STACK DEVELOPER

- Designed and implemented web applications with a focus on both front-end and back-end development.
- Collaborated with cross-functional teams to ensure seamless user experiences and robust system functionality.
- Leveraged technologies including Node.js, GraphQL, TypeORM, and non-TypeORM solutions to address various project requirements.

Hackathon Experience:

• 06/2023 - ECOHACK by Tsofen

Developed an AI to address environmental challenges, focusing on cleaning and improving the environment.

• 07/2017 MOONA by Moona

Designed and built a drone for disaster relief efforts, providing assistance during earthquakes, tsunamis, and other catastrophes.

• 08/2016 - HACK A DREAM by Hasoob

Created a mobile phone application aimed at assisting individuals experiencing car-related issues.

Skills:

TypeScript, Node.js, Java, Web Applications, C, JavaScript, SQL

Languages:

Arabic: Native, English: Fluent, Hebrew: Fluent, German: finished C1 Level
